**Picture Culver City: General Plan 2045 and Zoning Code Update, SCH# 2022030144**

**PROJECT DESCRIPTION:** An NOP was previously circulated for the preparation of the EIR for the General Plan Update. However, in order to maintain compliance with the recently adopted 2021-2029 Housing Element and to comply with state law, Culver City is expanding the scope of this project to include a Zoning Code Update, which implements the Housing Element and proposed General Plan Update.

The City of Culver City is comprehensively updating its general plan to respond to the changing needs and conditions of the city and region and to reflect new state laws. The General Plan 2045 consists of the following 13 elements; Land Use and Community Design; Mobility; Housing; Noise; Conservation; Safety; Community Health and Environmental Justice; Governance and Leadership; Arts, Culture, and Creative Economy; Economic Development; Parks, Recreation, and Public Facilities; Greenhouse Gas Reduction; and Infrastructure.

Culver City is also updating its zoning code to implement the land use patterns and development framework defined in the General Plan and Housing Element Updates. Changes include revisions to existing zoning districts, new zoning districts and development standards, updated uses to be permitted in each district, and an updated zoning map consistent with the General Plan land use designations. The Zoning Code Update will also update the processes and procedures to be consistent with the General Plan and Housing Element Updates and recent changes to state law.
