Section 65588(a) of the *Government Code* requires that jurisdictions evaluate the effectiveness of the existing Housing Element, the appropriateness of goals, objectives and policies, and the progress in implementing programs for the previous planning period. This appendix contains a review of the housing goals, policies, and programs of the previous housing element, adopted in 2014 and evaluates the degree to which these programs have been implemented during the previous planning period. This analysis also includes an assessment of the appropriateness of goals, objectives, and policies. The findings from this evaluation have been instrumental in determining the City's 2021-2029 Housing Implementation Program.

Table A- 1 summarizes the programs contained in the previous Housing Element along with the source of funding, program objectives, accomplishments, and implications for future policies and actions. Table A- 2 presents the City's progress in meeting the quantified objectives from the previous Housing Element.

Effectiveness in Addressing Special Needs

The extent of special housing needs far exceeds the City's financial capacity, especially with the elimination of redevelopment. Many of the City's special needs housing programs had to be defunded or substantially reduced in scope due to funding limitation. Nevertheless, the City was able to pursue Measure H funds and partnership with LACDA and nonprofits such as Upward Bound House to address special housing needs, especially for persons experiencing homelessness.

The City was able to reinstate the Home Secure program to provide rehabilitation grants for low income and households with disabilities to address health and safety issues in their homes. The most significant progress in addressing special needs population is the City's continued efforts in implementing the Comprehensive Housing Strategy (CHS).

The following projects are in progress:

- Venice Parking Lot – Working on site plans to install 12 modular residential units on the lot as temporary shelter. Long-term, this site is targeted for affordable housing or permanent supportive housing.
- Virginia Lot – Working on site plans for up to 24 modular units as housing for persons experiencing homelessness.
- Community Garden Site – Working on plans to install 6 low-income modular units.
- Pilot ADU Program for Homeless Housing - One year trial using Measure H funds for the creation of homeless units through the provision of \$50,000 rehabilitation grants with 10-year covenants. ADU owners will also receive additional landlord incentives through the Homeless Incentive Program, and tenants will be paired with a Culver City Section 8 voucher.
- Acquisition and repurposing two motels for a homeless shelter and permanent supportive housing
- Linkage Fee – The Current Planning and Economic Development Divisions are preparing for adoption of a linkage fee requiring a per square foot fee for new commercial

developments. The City will use the entitlement process for new commercial development to generate low moderate income housing funds. Additionally, the City will use accumulated linkage fees to fund new affordable housing projects by entering into development agreements with project developers. The Ordinance was adopted in 2020 and is being implemented. All funds are to be deposited into the Housing Authority Low Moderate Income Housing Fund.

- Opportunity Sites – The Current Planning & Economic Development Divisions are implementing Opportunity Site components through code changes and repeal of existing building height referendum. This will include providing new development incentives for reduced parking and increased building height and density on larger, targeted “Opportunity Sites.” Implementation requires repeal of the citywide height referendum and code changes. The program will require City Council-initiated repeal of the Building Height referendum. City staff will pursue code changes on increased building height, density, and reduced parking for targeted project sites.

The City will continue to pursue additional funding to facilitate affordable housing and special needs housing.

Implementation Measures/Programs	Responsible Agency	Funding Source	Implementation Measure/Program Objectives	Accomplishments	Recommended Future Actions
Measure 1. Continue Current Housing Programs					
1.A. Section 8 Program	Housing Authority	Department of Housing and Urban Development (HUD)	Continue to assist 384 very and extremely low income households to pay for housing through the Section 8 Program.	Funding of \$1.3 million serves up to 215 households annually. A Section 8 Waiting List was created in 2016 and approximately 9,000 applicants are on the waiting list. Staff has pulled 1,000 applications from the list. Through the County of Los Angeles Homeless Initiative and approved by HUD, 50% of annual turnover vouchers will be provided to individuals experiencing homelessness (a total of 5 vouchers for Culver City). To date, 6 turnover vouchers have been issued to persons experiencing homelessness and 4 voucher holders have secured permanent units.	Continue to assist very low income households through the Section 8 program and conduct outreach to attract new property owners.
1.B. Rental Assistance Program	Housing Authority	Implementation of this measure is de-funded due to state legislative action eliminating the City Redevelopment Agency.	Assist 68 extremely low to moderate income households to pay for housing through the Rental Assistance Program (RAP).	Due to reduced funding as a result of the elimination of the Redevelopment Agency, this program will sunset within the next 5-10 years. Rental subsidy to persons experiencing	With the elimination of the Redevelopment Agency the waiting list is closed for this program and no new applicants will be pulled from the waiting list.

1.C. Shared Housing	Housing Authority	Implementation of this measure was de-funded due to state legislative action eliminating the City Redevelopment Agency. Measure H funds have been identified as a new funding source.	Continue to assist 150 households to locate alternative independent living situations through the Shared Housing Program.	The shared housing program was eliminated in FY 2010-2011 due to the elimination of the Redevelopment Agency. In FY 2019-2020, the program was reintroduced with funding from the County of Los Angeles Measure H Rapid Rehousing Program. Up to 5 persons experiencing homelessness will be assisted with up to 18 months of rental assistance and supportive services. Currently, there are 6 applicants pending approval. The program is funded at \$30,000.	Continue to use Measure H funding to assist up to 5 persons experiencing homelessness annually.
1.D. Existing Covenanted Buildings	Housing Authority	Housing Authority	Continue monitoring annually and as needed to assure compliance.	Monitoring of income and affordable rent restricted units is conducted annually and starts in November. 1.I. Neighborhood Preservation Program (NPP)	Housing Division	Implementation of this measure was de-funded due to state legislative action eliminating the City Redevelopment Agency. This program has been reintroduced due to DOF approval of Educational Revenue Augmentation Fund (ERAF) payments.	Continue to implement the Neighborhood Preservation Program (NPP) for qualified low and moderate income households and to owners of multi-family housing with qualified low income tenants. The annual objective is 75 units.	The program was reintroduced in FY 2018-2019. Neighborhood Preservation Grants of up to \$5,000 are provided to multi-family property owners who will lease to a Section 8 or households experiencing homelessness. Healthy and Safe Senior Grants of up to \$1,500 are provided to low income seniors to address life safety and code enforcement violations.	Continue to provide Neighborhood Preservation Grants to multi-family property owners who lease to homeless and low income households and Safe Senior Grants to low income seniors.
1.J. Graffiti Removal	Public Works	Public Works Budget	Continue to work with building owners to remove graffiti by coordinating the services of removal companies and encouraging local monitoring by owners. Continue to help community groups organize volunteer graffiti removal activities. Achieve a 48 hour removal rate.	The Culver City Graffiti Crew continues to work with local businesses and homeowners to abate graffiti.	Continue to work with property owners, businesses, and residents to identify and remove graffiti within 48 hours.
