As noted in HE Draft 1 comments, lots in the Residential Hillside Zone should be removed as it artificially inflates the sites inventory by 100+ lots. It does not conform to the overall housing element proposed, which notes these are subject to hillside development standards.

This lot is set on a blind curve, subject to significant slope constraints, is on a road of substandard width and is well within the VHFZ defined by the state. This is just one of dozens of sites in this inventory that meet similar criteria and fall under the hillside overlay.
